Let's not fool around. iConverse knows that the best people deserve the best benefits. That's why we've put together a comprehensive benefits package-insurance, paid vacation, a matching 401(K) plan, and absolutely astounding coffee served with real cream.

We know that we benefit when our people benefit. So we pile on the benefits. In addition to highly competitive compensations packages, we offer:

Medical and Dental Insurance

iConverse believes wireless technology leaders should have healthy bodies and strong teeth, so we provide top-notch medical and dental insurance.

Matching 401(k) Plan

We know that most iConverse employees will want to be here forever, but for the few that plan eventual retirement, we offer a 401(k) plan with 50 percent matching.

Three Weeks Paid Vacation

Go to the Bahamas or paint your house - we don't care. Just go away, relax, and return recharged. All full-time employees receive three weeks paid vacation in their first year.

10 Paid Holidays

It's mandatory vacation. You'll have to picnic, feast, open gifts, spend time with family, or figure something out - because iConverse closes for 10 holidays each year.

let's not fool around.
